Thanks so much Joan. I discussed this same issue w/Karen yesterday and she told me to email Mike re our plans. Bob's trip next week has a few purposes beyond Dimock but it does make sense to coordinate for sure. L

Lora -- I've been sitting in on a few meetings with Mike Dandrea and WPD and others discussing Dimock...and currently there is a plan for Karen Johnson and one of our CICs (and perhaps Jennie Saxe) to go out to Carter avenue and go door-to-door with the 18 homes in that area which are included -- or could be included -- in the cabot settlement. Just saw Karen this morning and she said she talked with you yesterday and you folks were planning on going out next week -- were you planning on visiting the same homes? If so, would it make more sense for all of you to go together? Right now, the dates being considered were the 16 or 17?
